

AKTIV!er Betriebsrat
Starkes Team

**Focus:
Collective
Agreements**

Collective Agreements

protect our income and working conditions. We monitor whether they are implemented properly in the workplace and push for necessary improvements.

Partial Retirement

We want partial retirements as a model of self-determined transition into retirement, with a contractual right under collective agreement. For employees in the AT area, we aim to improve conditions in a works agreement.

GOOD WORK

We want tangible appreciation and development opportunities for employees. Working hours must be limited and health burdens reduced. For colleagues in temporary employment, we demand clear rules for permanent contracts: no precarious employment!
